March 17, 2020

Dear Lutheran High Families,

Thank you for your patience during the turbulent times in which we live. Due to yesterday's CDC recommendations, we decided to close school at the close of Monday, March 16. As communicated earlier, Lutheran High will move to an online schooling format beginning Wednesday, March 18. The purpose of this email is to provide you some information about this transition.

On Wednesday, March 18, at 10:00am all students are to check their Canvas accounts for an orientation video. This short video will review some of the items in this mailing and provide students with information necessary to be successful doing online school. Teachers have been busy learning new tools to use and will provide a meaningful and effective educational experience for their students.

There is no determination as to how long this situation will last. We will keep you informed of our intentions as time passes. For now, students should plan on doing online schooling for the next several weeks if not longer.

Included in this email are two additional attachments. The first is a 1-page guide for online school at LHS. This provides many of the "basics". The second item is a Powerpoint presentation which further provides information for students and parents about doing online school.

The main office will remain open Monday – Friday, 8:00am-12:00pm.

Thank you again for your understanding.

In Christ,

Mr. Jon Bernhardt
Principal
