

Lutheran High School's Production of Mary Poppins Inspires Vision for Future Arts and Worship Space

As part of our *Empowered by Christ: Enriching Our Future* campaign, the recent production of *Mary Poppins* served as both a celebration of student talent and a reminder of the growing need for performance and worship spaces within the school.

We hosted over 2,000 guests for the three-day and night run of *Mary Poppins*, including packed audiences each evening and special performances for local elementary students. The production was a tremendous success, showcasing the incredible talent of LHS students and the dedication of our theatre program.

We are seeking support to develop the Commons into a dedicated space for:

- Performances & Productions
- Chapel & Morning Devotions
- Worship & Assemblies

Planned upgrades include:

- Permanent Stage Addition
- Black Box Theater Elements
- Enhanced Lighting & Projection Systems

This momentum reinforces the ongoing vision to upgrade and transform the Commons into a multi-use performance and worship space. The Commons has become a central gathering space for the LHS community, and its potential for our arts and worship experience is only beginning to be realized!

Our students' performance in *Mary Poppins* made it clear: Our kids are deeply talented, and they deserve a space that supports and elevates their gifts. The enhanced space would not only support future performances, but also strengthen our worship experiences, including chapel and morning devotions—key components of our mission to Grow and Serve in Christ.

As we also prepare for renovations of our kitchen and classroom areas, we invite the continued support of our community to bring this vision to life. Your gift helps us create a space where our students can Grow and Serve in Christ—whether on stage, in chapel, or in the classroom. Join us in making this vision a reality!

Please join us for our Campaign Kickoff Open House on Tuesday, April 15 from 5:30 – 7:00 p.m.
