

Our coaches and directors use Twitter as a primary means of sharing information about our programs. We use social media to disseminate results of contests/games, changes in the practice schedule, game cancellations, hi-lights of games, all-conference and all-district results, etc. We share pictures and information with our LHS fan-base and community on a consistent basis as a means to develop a stronger sense of school spirit and support!

Likewise, there is a level of professionalism for our students. In addition to the AUP (Acceptable Use Policy) that all students sign, our approach to social media oversight ultimately allows LHS students players much freedom and shows that we trust them to use good judgment. Once a student posts or

H= is it HELPFUL?

i= is it INSPIRING?

n= is it NECESSARY?

K= is it KIND?

tweets a message, it is captured and indexed by any number of search engines that crawl the Internet. This means that a message never actually goes away, even if the student has second thoughts and decides to delete it. Practicing a modicum of appropriate behavior and message or professionalism for students is a must.
